

Hope's Match Game

This two-player game works like the classic game of Memory by finding pairs of matching cards.

How to play:

1. Cut out all of the memory flash cards below.
2. Mix up the cards and place them facedown in three or four rows.
3. Turn over any two cards. If the cards match, keep them. If they don't match, put them back facedown.
4. The player with the most matches wins.

Every Dream Starts with
HOPE
